

The prosecution will finish the hearing of testimony in the Edelman case today.

TENTH YEAR.

LOS ANGELES, THURSDAY MORNING, MARCH 26, 1891.

FIVE CENTS.

The Times

"Great oaks from little acorns grow."

224,530 : 8,019!

STATE OF CALIFORNIA, 1881.

COUNTY OF LOS ANGELES, 1881.
Personally appeared before me, H. G. Otis, president and general manager of the Times, Mr. C. C. Connelly, and Mr. W. H. Stanford, former editor of the "Times" of the Los Angeles Times, who, being both duly sworn, deposed and say that the daily average circulation of THE TIMES for the year ended September 30, 1890, was 6752 copies; that the daily average circulation for the four weeks ended October 28, 1890, was 6823 copies; that the daily average circulation for the four weeks ended November 25, 1890, was 7264 copies; that the daily average circulation for the four weeks ended December 23, 1890, was 7512 copies; that the average daily circulation for the month of January was 8389 copies; that the total circulation for the month of FEBRUARY, 1891, was two hundred and twenty-four thousand five hundred and thirty copies; and further, that said circulation was 8019 copies; and further, that said circulation was 6752 in the strict sense.

[Signed] H. G. OTIS.
[Signed] G. W. CRAWFORD.
Subscribed and sworn to before me this 25th day of February, 1891.

[SEAL] J. C. OLIVER,
Notary Public.

THE EXHIBIT IN DETAIL.

Advertisers Who Hire Newspaper Space Have a Right to Know the Circulation!

The exhibit in detail for the past month is as follows:

For the week ended FEB. 7..... 56,070
For the week ended FEB. 14..... 66,890
For the week ended FEB. 21..... 55,920
For the week ended FEB. 28..... 55,850

Total..... 224,530

Average per day for the 28

8,019!

The TIMES stands ready to exhibit to advertisers its circulation books and press-reporters at any time as a verification of its claim above; its charges are fixed on the only true basis, namely, CIRCULATION.

THE TIMES-MIRROR COMPANY,
Times Building, Los Angeles.

AT WASHINGTON.

Wanamaker and the Postal Subsidy.

Colored Men Issue a Political Appeal to Their Brethren.

Census Figures Showing the Decrease of the Negro Population.

Warships That Are Historic to be Sold—Kincaid's Trial Begun in Earnest—Other Washington News.

By Telegraph to The Times.

WASHINGTON, March 25.—[By the Associated Press.] Postmaster-General Wanamaker has invited the diplomatic representatives of the various South American countries to confer with him regarding plans for facilitating the mail service under the new postal subsidy, etc.

He has also had a number of conferences with representatives of ocean steamship lines. It has been made clear to these gentlemen that while the purpose of the Postmaster-General is to be liberal to American shipping interests, he will insist upon making contracts that shall really be for the interest of the Government.

An Appeal to Colored Voters.

WASHINGTON, March 25.—The Interstate Civil and Political Rights Association of the United States, an organization of colored men, has issued an address to the negro voters of the North, in which, after referring to the defeat of the Elections Bill in the Senate, they say:

Important elections are to be held this autumn in the most important states, where the negro is in a balance of power, and each negro in the North is urged to refuse to vote for any candidate unless he is known to be a firm friend of the negro and of free ballot and a fair count. Negroes are urged to organize for opposition, to defend their cause, and to stand with the Anglo-Saxon to fight his political battles alone whenever he is one of those who have said the negroes are an inferior class of people to the Anglo-Saxons.

A Land Decision.

WASHINGTON, March 25.—Secretary Noble today rendered a decision affirming the action of the Commissioner-General of the Land Office in rejecting the application of Cyrus F. Clegg to locate Valentine scrip on 820 acres of unsurveyed land adjacent to the town of Port Angeles, Wash. The ground for the action is that the land sought to be entered is within the Port Angeles townsite reservation and held in reserve under the act locating the town, and therefore is not subject to location.

Kincaid's Trial.

WASHINGTON, March 25.—The taking of testimony in the case of Kincaid for killing Congressman Taublie began in the Criminal Court today. Several witnesses were examined.

Historic Ships to be Sold.

WASHINGTON, March 25.—Bids were opened at the Navy Department today for the purchase of eight naval vessels which have been condemned and ordered to be sold to the highest bidders. Seven of these vessels took active part in the civil war, and their histories are full of romantic interest.

The Virginia Republicans.

WASHINGTON, March 25.—Gen. Mahone and John M. Langston have it is stated, settled their differences and will hereafter work in harmony for the promotion of the interests of the Republican party in Virginia.

The Sealer Sayward.

WASHINGTON, March 25.—The Attorney-General has received a letter from Judge Bugbee, Judge of the District Court of Alaska, acknowledging the service of the rule made by the United States Supreme Court to show cause why a writ of prohibition should not be issued in the case of the British Sealer Sayward, and saying that he expected to make a return by the next steamer.

Colored Population.

WASHINGTON, March 25.—The Census Bureau has in preparation a bulletin giving the population of the South Atlantic and Southern Central States and Missouri and Kansas, by races. It shows that in most of the Southern States the colored race is not increasing as fast as the whites.

TALLEYRAND'S MEMOIRS.

Those Lately Published Said to be Spurious.

PARIS, March 25.—[By Cable and Associated Press.] The novelist "Gyp," the Comtesse de Joinville, and her mother, the Comtesse Mirabeau, declare that they assisted their relative, M. Bacourt, to arrange the Tallyrand memoirs which would have filled fifteen volumes. Bacourt said it would be impossible to print the matter until the statesmen of his generation were dead, and regretted that he could not live to witness the explosion their publication would cause. The ladies ridicule the idea that the recently published Tallyrand memoirs are genuine. They are of the opinion that the original memoirs were altered by Andral and Chatelein, to whom Bacourt left them.

Foundrymen Strike.

SAN FRANCISCO, March 25.—Seventeen iron molders and one apprentice are on a strike at the Pacific Rolling Mills because the mills have been doing work for other foundries in this city where men are on a strike. One hundred and seventy-five men will be thrown out of employment by the strike. The Union Iron Works will be affected, as it has relied on the Pacific Rolling Mills for steel castings for vessels in the course of construction.

Went Through a Trestle.

FARMERSVILLE (Tex.) March 25.—Yesterday a train on the Galveston Central and Santa Fé went through a trestle near this place. S. M. Part of Kansas, was killed and E. H. McKissack was seriously injured. Conductor Garrison and brakeman Hughes were hurt.

A Year's Pork-packing.

CINCINNATI, March 25.—The Price Current's annual exhibit of pork-packing in the West for the year ending March 1, 1891, shows an increase of

1,500,000 hogs in the winter packing, the total being 8,173,000 head. The decrease in the average weight is eleven pounds, while in lard it is nearly three pounds per hog. The total packing, summer and winter, for the twelve months is 17,113,000, against 13,745,000 the preceding year.

ARMY CHANGES.

Report That Gen. Stanley Will Succeed Gen. Gibbon.

GALVESTON, (Tex.) March 25.—[By the Associated Press.] It is currently reported that Gen. Davis S. Stanley, commander of this military department, will shortly be promoted to be major-general and transferred to the command of the Division of the Pacific to succeed Gen. Gibbon, soon to be relieved, and Col. Forsyth, who distinguished himself in the recent Sioux Indian campaign will succeed Gen. Stanley.

IN HIGH GLEE.

ILLINOIS DEMOCRATS RATIFY PALMER'S ELECTION.

Scenes of Enthusiasm at Springfield—The Farmers Leave the Jubilation to the Old Bourbon Element.

By Telegraph to The Times.

SPRINGFIELD, (Ill.) March 25.—[By the Associated Press.] The election of Gen. Palmer to the United States Senate was ratified in this city today in a celebration which for crowds and enthusiasm has had no parallel since the election of Grover Cleveland. Indeed, the celebration was not confined to Illinois, for the Democracy of Missouri, Indiana, Iowa, Nebraska, Ohio, Kentucky and Michigan participated in the jubilee either by personal representation or words of cheer.

OMAHA (Neb.) March 25.—Reports from all sections of Nebraska to the Bee show that the snowstorm today was severe. In the southern part of the State the snow is reported eighteen to twenty inches deep on a level and drifting badly. The storm was almost a blizzard in the northwestern part of the State. Railroad traffic is delayed.

The storm which prevailed today was general throughout Nebraska. Dispatches from all over the State indicate that the snowfall covers the largest area of any storm of the winter. In the regions visited by the drought last summer, the snow was especially heavy. Telegraph telegraphs that the snow is from two to four feet in depth, and McCook, Broken Bow, Chadron and other points send similar reports. The storm has done little if any damage. Trains are but slightly interfered with owing to the fact that the snow was not accompanied by wind and is too wet to drift. It is in the nature of a blessing to portions of the State. The weather is cloudy; not cold, and the prospects are for more snow or rain.

WICHITA (Kan.) March 25.—Capt. John Hulson, an extensive cattle dealer, reports a terrible snowstorm on the Texas Panhandle. He says cattle are being driven before the storm like cotton, and the losses to stock owners will necessarily be very heavy.

SINGULAR FREAK.

A Religious Enthusiast Successfully Fasts Forty Days.

PITTSBURGH (Pa.) March 25.—[By the Associated Press.] Eva Brannock, a fair cultist, and incidentally a teacher of music in the Bethany Home, has just finished a successful forty days fast. This lady, who is a religious enthusiast, was struck by the fact that whenever and wherever she opened the Bible, there was found a command to fast. She began forty days fast which differed from all others, in that she attended to her regular duties as teacher and keeper of the rooms in the Home. Her fast ended today and she joyfully consumed a dinner which did not differ in its taste. There is no doubt as to her having lived forty days on nothing but water, as the story is substantiated by reliable people.

THAT PERUVIAN SLAVE.

She Will Not Be Returned to Her Mistress.

NEW YORK, March 25.—[By the Associated Press.] The case of Consul-General of Peru Quintana's slave girl was up again in the police court today, when further hearing of the case was dropped. The children's society refused to make any complaint against Mrs. Quintana for her alleged cruel treatment of the girl. The latter will remain in the custody of the society until it has been decided what shall be done with her.

Attached.

NEW YORK, March 25.—The Sheriff has received two attachments against the Columbia Iron and Steel Company of Pittsburgh, Pa., in favor of creditors. The company was incorporated five years ago with \$400,000 capital and has done a heavy business.

Democratic Gull Unavailing.

HARTFORD (Conn.) March 25.—In the House this afternoon the unfavorable report of the Committee on Canvass of Votes on the Senate resolutions, declaring the Democratic State officers elected, was accepted.

Groff Coming to This City.

WASHINGTON, March 25.—Ex-Commissioner Groff of the General Land Office, says he will make his future home in Los Angeles, Cal., where he has some investments.

Many Drowned.

NORFOLK (Va.) March 25.—The British steamer Strathearn has been wrecked on the North Carolina coast and nineteen of her crew drowned.

FARMERS' ALLIANCE.

Its Principles and Prospects From a Democratic Standpoint.

SAN FRANCISCO EXAMINER.

The National Farmers' Alliance has decided to call a convention next year to nominate a candidate for the Presidency. This means the possible failure of the people to elect a certainty of the success of the Democratic candidate, either in the Electoral College or in Congress. If the election were to be held now the Alliance would have a reasonable hope of carrying South Carolina, Georgia, Alabama, Kansas, Nebraska, the Dakotas and Minnesota. This would prevent either party from securing a majority, and would throw the election into the House, where the Democrats would have everything their own way. It is impossible to say, of course, whether the Alliance will be stronger or weaker next year than it is now, but at present it is certainly growing stronger.

After a speech by Congressman Mansfield, of Missouri, the vast audience present amid cheers.

It will be left to the programme, however, before it can attract general participation in the Chicago campaign.

The land mortgage scheme is not one on which any party can safely go through a Presidential campaign.

FROM THE EAST.

Spring Opens With Blizzard Blasts.

Deep Snow Falls in Nebraska, Colorado and Kansas.

New York's Peruvian Slave Case Again Comes up in Court.

Singular Freak of a Pennsylvania Faith Curist—She Fasts Forty Days as a Religious Duty.

By Telegraph to The Times.

KANSAS CITY, March 25.—[By the Associated Press.] Dispatches from Kansas state that the worst snowstorm of the season is raging throughout that State. Railroads are all badly blocked. The country from Eastern Kansas to Denver is covered with snow, ranging from five inches at Junction City to twelve inches at Hayes City.

In Colorado there is a foot and a half of snow. A severe windstorm is whirling the snow into great drifts, and railroad tracks are disappearing from sight. Several trains on the Central branch of the Missouri Pacific are laid up between stations in snow drifts. A "Frisco" passenger train is stuck in a drift near Bent, and near Ellsworth an Union Pacific train is fast. Unless extremely cold weather follows it is not thought crops will be injured, but the scarcity of feed will make it severe on animals.

OMAHA (Neb.) March 25.—Reports from all sections of Nebraska to the Bee show that the snowstorm today was severe. In the southern part of the State the snow is reported eighteen to twenty inches deep on a level and drifting badly. The storm was almost a blizzard in the northwestern part of the State. Railroad traffic is delayed.

BUSINESS.

OFFICE OF THE TIMES.

LOS ANGELES, March 25, 1891.

The market for country produce was quiet today. Shipments and arrivals were lighter and quotations were unchanged.

Trade in general is bad at present getting in their spring goods, and many of them are putting in extensive improvements.

Real estate men say that country property is in demand at present. A majority of people who come here from the East are engaged in building.

The strong upward movement in the produce market which began a few days ago continues, and prices advanced again today.

The rise is due to advices from the East which report increased demand and larger tonnage of foreign demand.

The negotiations now pending between this country and various European governments for the removal of the restrictions against American meat products, and which have to some extent already proved successful, will add to the effect of increasing the demand from abroad with a consequent appreciation in values at home.

Advices from the East indicate that further advances may be looked for during the next few days.

Oranges are more plentiful today, owing to the arrival of eight carloads from Los Angeles. Stocks on hand are not of the best quality, regards size, Choice Navel oranges are dull and yellowish.

Some of the poorer quality of oranges are going off at nominal rates to peddlers. Limes are scarce and firm. Apples have not improved.

LOS ANGELES MARKETS.

PROVISIONS.

HAMS-ROX, 11½¢; Crown, 12½¢; Lily, 13½¢.

BACON-10¢; Crown, 11½¢; Lily, 13½¢; heavy, 9½¢; medium, 9½¢.

DRIED HAMS-13¢; Lily.

SAU POKE-10¢.

Tomatoes, 12½¢/15¢ per box; cabbages, 50¢/75¢.

MILL PRODUCTS.

F. A. Levering is proprietor of The Sun World and A. C. Osborn was its city editor; W. J. Elliott and his brother, Patrick J., own and edit The Sunday Capitol. An extremely innocent "personal" appeared in The World to the effect that Mrs. Florence J. Elliott was visiting at the home of her brother-in-law, William J. It was an error, Mrs. William J. Elliott was vexed and so her husband opened a war Levering and his wife in a throw-down and as quickly as possible.

Government bonds were steady.

NEW YORK STOCKS AND BONDS.

By Telegraph to The Times.

NEW YORK, March 25.—Money—On call, easy; closing offered at 1½ per cent.

PRIME MERCANTILE PAPER—No. 67.

STERLING EXCHANGE—Easy; 60-day bills, 4½%; demand, 4½%.

NEW YORK, March 25.—In the stock market today dullness prevailed, except in the Grangers and a few specialties. Covering in the Grangers resulted in forcing them up, and the whole market participated slightly. The close was rather heavy, at generally slight fractions higher than last evening. Sugar, however, was up 1½%. There was a reaction in the last hour in Comstock Tunnel, Phoenix Mining and a few other specialties.

Government bonds were steady.

NEW YORK STOCKS AND BONDS.
